RETURNING HOME?

Det Felles Innvandrerråd i Hordaland (DFIRH) offer counselling sessions for those considering returning to their home country. We can provide information regarding alternatives to living illegally in Norway. The sessions are confidential, non-binding and free of charge.

The Voluntary Assisted Return Programme (VARP), run by IOM, assists asylum seekers and other migrants, who voluntarily wish to return from Norway to their home countries. The programme provides a return option which is organised, safe and dignified.

You find us at:
BIKS, Kong Oscarsgate 15, 5 th. floor.
